Great Improvement in Artificial Teeth.

DR. J. A. KENNICOTT, No. 9 Lake street, Chicago, would call the attention of persons in want of a SAFE and SUBSTANTIAL IMPROVEMENT, which he has recently made in the mode of CHEMICALLY UNITING PORCELAIN TEETH TO GOLD PLATE. This improvement is entirely free from Galvanic influence, and is the only method of PERFECT CLEANLINESS and freedom from any metallic taste or smell. The teeth are secured to the plate by means of a strong cement of peculiar quality, a perfect union of the teeth and plate, and an EXACT IMITATION OF THE NATURAL GUM, giving the appearance that it is impossible to obtain in any other way. For references, see names appended to certificates in the hands of the Proprietors of THE TRIBUNE, where also, specimens of work at the office, No. 56, corner of Lake and Clark streets, may be seen. jan27-1y

DAILY TRIBUNE.

CHICAGO, THURSDAY, MAY 19, 1853.

Death of J. R. Doxtader.—Mr. Doxtader was elected to the Presidency of the Michigan Southern Railroad Company, but a few weeks since, and was on his way to this city on official business which he was seized with apoplexy and expired in a short time. This sad event took place at Laporte, on Tuesday evening. Mr. Doxtader was a gentleman most highly esteemed by all who knew him. He was a comparative stranger here, but those who knew him speak of him in terms of great respect. He was a resident we believe, of Rome, N. Y., and was accompanied by several friends. Among them were a number of representatives of Eastern Railroad Companies, who were on their way to Chicago, to arrange various business matters connected with their respective lines.

Peru, Indiana, and Chicago Railroad.

A convention for the organization of this road was held at Peru, on the 20th ult. Among the resolutions adopted were these:

That the Peru and Chicago Railroad passing through a district of country of unsurpassed fertility, whose resources are being rapidly developed, and forming a part of the great trunk line extending from Chicago on the most direct line to the eastern cities, is one which will enlist the energies of the country at home,—command the attention of capitalists abroad—and can and will be made.

That the Columbus, Piqua and Indiana Railroad, and its connections, offer to us facilities for an eastern outlet, over the Steubenville Road by a uniform grade, which we consider of great importance, and we recommend to the directors of the Peru and Chicago company, that they will take at once efficient measures to procure a connection by railroad between Peru and Huron, so as to present between Pittsburgh and Chicago, a continuous line with an unbroken grade of 4 feet to the mile.

That the capital stock of this company shall be $1 000,000, to consist of 40,000 shares, of fifty Dollars each.

That there shall be the eastern terminus of said road, these running in a north westerly direction on the most eligible route through the counties of Miami, Cass, Fulton, Pulaski, Marshall, Laporte, Starke, Porter and Lake, all in Indiana, or so many of them as may be necessary, and terminating at some point in Lake county on the west line of the State of Indiana, in the general direction of Chicago, Illinois.

Able and enthusiastic speeches were made by sundry gentlemen, demonstrating the necessities of the country, through which this road will pass, for its immediate construction, and portraying its importance as the last link in the great unbroken chain stretching from the Atlantic seaboard to the city of Chicago.

After the adjournment of the Convention the stockholders met and completed their organization by electing the following board of Directors, to wit: Ira Stanley, J. B. Fulwiler, D. R. Beams, E. P. Lovelass, M. G. Mitchell, N. O. Rose, John A. Graham, A. A. Cole, Jesse Higgins.

The Board then proceeded to elect their officers, which resulted as follows:

President—Hon. M. G. MITCHELL, of Paqua, Ohio.

Vice President—N. O. Rose.

Treasurer—D. R. Beams.

Secretary—Jesse Higgins.

THE WEST MINSTER REVIEW, re-published by Leonard Scott & Co., 79 Fulton st. for sale by the Dep't or Messrs. Scott & Co., 54 Clark street.

We have received the April No. It is a rich number. The list of contents is sufficient of itself to make our reading friends hunger for it. The following are the articles: "British Philanthropy and Jamaica Distress, Thackeray's Works, Iconoclasm in German Philosophy, Martial and his Times, French Writers on French Policy, Ruth and Villon, Educational Institutions of the United States, Poems of Alexander Smith, Early Christianity: its Creeds and Heresies, Contemporary Literature of England, America, Germany and France."

A GUIDE TO THE YOUNG TO SUCCESS AND HAPPINESS, by Wm. W. Fox, N. Y.; S. Andrus, & Co. For sale by C. S. Cramp & Co., 111 Lake street.

We have not much faith 'in book 'guides,' if the parental ones are found wanting, and if not, the book ones are rather superfluous. Yet so much good advice to the young may be one of the helps to excellence, as the advice contained in this is of the very best.

WEBSTER'S SPEECHES.—Mortimer & Co., 32 Clark street—have published in a pamphlet form, and in excellent style, on good paper and with clear type, three of the great speeches of Webster, namely: Eulogy on Adams and Jefferson, the First Settlement of N. England, Bunker Hill Monument, and Reply to Hayne. Those who can not afford to own all of Webster's speeches, ought at least to have these. The volume also contains a portrait of Webster.

AN ELEMENTARY TREATISE ON BOOK KEEPING, by Single and Double Entry. Designed for Common Schools and by S. Wells.

We observe that the Book-keepers of the leading mercantile houses, in N. York, Boston, Philadelphia, St. Louis, &c., stand in the highest terms of this treatise.

POETRY OF THE VEGETABLE WORLD. By M. J. Rodgers, M. D., Professor of Botany in the University of Jessie. With an Introductory Essay on Botany, from the London edition of Rousseau. Price 50 cents. Wood, Howe & Co., Cincinnati. For sale by C. S. Cramp & Co., 111 Lake street.

This is a book of much merit. It is destined to find lodging from the stigma of dryness and want [illegible] interest, that men of science have too long suffered it to bear. It might fitly be called "the memories of a plant," with such personal misadventures as its life and habits manifested, from its cradle to its grave. Commencing with its cellular birth and earliest development, it runs on through its history, its susceptibility to climate, its uses in arts and manufactures, till it finally draws to a close in a discussion of its distribution, a noble subject that will always have interest while the exquisite story of "Picciola" is remembered. The translation is executed with care and fidelity, and the volume is issued in excellent style.

A. H. & C. Burlet have for sale Thackeray's "Dr. Birch and his young friends, with sixteen illustrations, by the author."

This is a little book, but it holds a great deal of humor. The illustrations of school life are capital. A wonderful delineator of real life is Thackeray, both with pen and pencil.

Gosset's Lady's Book.—The June No. is received. Prompt enough, and for sale by Mellen & Co., 53 Clark street.

Queen Woke.—Mellen & Co. have received Barnes's Illustrated News, containing the plate of the Norwalk Tragedy.

Oats.—The entire receipts of Oats at Buffalo, last Sunday and Monday, amounted to 54,192 bushels—all of which was from Chicago.

Southern Wheat for London.—The vote at Janesville cast 491 for taking stock, and 27 against.

Lake Vessels and Canal Cargoes.—The Buffalo Express says: The propeller Jessie, formerly steamer—which took a clearance for Chicago Saturday evening, has on this her largest cargo of merchandize ever taken out of the port, being over 600 tons. She will leave for the West this morning, Monday May the 16th, and we wish to call the attention of our Western exchanges who have been smoking on their large vessels, to the Jessie. She is under the command of Capt. James Hathaway, one of the best seamen on the lakes, and withal a jolly good fellow.

The Council entered upon the election of two Commissioners in place on H. Witbeck and Jared Gage, regarding the lines upon grading Lake street, but who are not qualified—Ald Mitchel and Taylor, tellers. On the first ballot, H. Smith and D. M. Bradley received each 10 votes, and were declared duly elected.

The Commissioners elected to assess for planking State street from Lake street to the river, not having qualified, the Council entered upon the election of new Commissioners thereunder—Ald Mitchel and Taylor tellers.

CHICAGO MARKET.

OFFICE OF THE CHICAGO DAILY TRIBUNE, Wednesday Evening, May 18—7 P. M.

Receipts of Produce, from Canal, are very much, to-day—amounting to about 100 lbs of Corn. By Railroad the first day of this month, but still, very little Grain comes forward.—Owing to the inclemency of the weather, and light receipts, transactions are small.

We note sales and nominal rates as follows:

WHEAT.—Sale of 600 bu spring at 69@70c 9 bbl. 400 do do whiter at 69c; 30 do good do at 69c, and 70 do prime do at 70c—all to mills.

CORN.—Sale of 1200 bu, mix prime, at 46@c afloat, 1000 bu in two lots, to go to Detroit, delivered in buyer's barge, at 45c 9 bu, and 1647 do, from canal, at 47c, afloat. Also, 1457 bu damaged cor, afloat, at 40 9 70 bu, and 1000 good cor, from store, at 46c 9 70 bu afloat.

OATS.—Sales of 1000 bu, in lots, at the depot, at 27½c, and 4000 bu, afloat, taken to make up a cargo, at 27c, and 700 bu in store, at 28c.

BARLEY.—Sale of 70 bu, good, from store, at 55c.

SEEDS.—No sales, and we hear of no inquiry.

DRIED APPLES.—We notice sale of 250 bu, prime, N. Y, at $1.19 9 bu—of 200 bu, 60 do do at $1.12½, 140 do do at $1.15, and 1050 do from Ohio, at 97½c. The mark is generally overstocked.—the amount in the hands of dealers reaching near 30,000 bu, received within the last two weeks.

PORK.—Small local trade, at $12@12 9 bbl.

CUT MEATS.—Sales of city cured Shoulders at 6c 9 lb, in small way, and three tons of fancy city sugar cured Hams at 10c.

LARD.—Sale of 37 bbls of No 1 at 8c 9 lb.

BUTTER.—The market is very heavy. The amount arriving is not large, but there appears to be no demand. A fresh roll was offered freely, at the depot, to-day, at 16c, but without buyer. We quote the nominal rates at 15@16c for choice, and common lots unsaleable.

CHEESE.—We notice a sale of 700 lbs new W R at 9c. Old is inquired for, unsupplied, and sells at 12c.

POTATOES.—Market unchanged. Sales at 25@37 cents 9 bu.

Of other matters, the market is unchanged.
